CONFERENCES WITH CANADIAN COM-MISSIONERS COMMENCE.

Blaine First Consults the President to Agree How Far Toward Reciprocity We thall Go-The Third Attempt to Come Together Proves a Success.

WASHINGTON, D. C., Feb. 10.-The neotiations between the United States and Canada, in regard to reciprocal trade relalations, were opened formally to-day at a conference held in the State Department by the representatives of each Government. The Secretary of State and General John W. Foster represented the United States, while Canada was represented by a commission consisting of Sir John Thompson, Minister of Justice, and Attorney General Hon. Mackenzie Bowell, Minister of Customs and Militia; Hon. George Foster, Minister of Finance; Mr. Parmalee, Deputy Commissioner of Customs, and Mr. Stewart, private secretary. The commission really consists of the three first named officials, the others

accompanying them as attaches.

This morning Secretary Blaine spent half an hour with the President at the White House, going over the ground to be taken by the United States in the coming conferences. He then, at 11 o'clock, went to the State Department and met General Foster in the diplomatic reception room. The Canadian delegates, it was arranged, should proceed to the State Department. They arrived about noon, and there was a preliminary session of an hour, during which the conferees talked "across the board," as the diplomatic phrase goes, and arranged the ground for the coming conferences, which

ground for the coming conferences, which will last several days.

This series of negotiations is intended by the Canadian authorities as a preliminary interchange of views for the purpose of ascertaining the nature of the subjects that each side will be willing to discuss and what form the discussion will take. The results reached, therefore, will not be final. The history of the percentation in brief is The history of the negotiation, in brief, is as follows:

Early last spring, prior to the Canadian elections, Sir Charles Tupper began communicating with this Government in his capacity of Special Commissioner for Canada, appointed by the home Government at London, with a view of opening reciprocity negotiations under the McKinley tariff act. Secretary Biaine expressed a willingness to have the subject discussed, but held out no hopes for a satisfactory conclusion. The committee appointed to represent Canada came to Washington, and after a conference with Sir Julian Pauncefote, met Mr. Blaine. The President was about to start on his Southern and Western trip, and as it was not deemed destrable that so important a subject should be discussed during his absence, Secretary, Blaine requested a postponement, which, of course, was agreed to. A date in October was later fixed upon for the continuation of the negotiations, but when the time arrived Secretary Blaine was in Maine, and the President suggested delay until his return. The last request for this conference came some weeks ago from Canada, and was agreed to by this Government.

They were charged with being suspicious characters and were sent to jail for 20 days each. A few days later the clothes were identified by Mrs. Cathrine McClelland as having been stolen from her house near Tenth street. She made infornation before Alderman McKenna charging the men with larceny and they were re arrested.

Fizsimmons as the Hero of a Book. One of the most rapid instances of booknaking ever recorded in Pittsburg is that of Messra. Mooar and Hill, who in four days have compiled and published the life and history of F. C. Fitzsimmons, the thief, murderer and suicide. The book contains 4 pages and is neatly printed. Included in its pages are pictures of all those con-nected with Fitzsimmons' crimes, together with cuts of the house and room where the murder took place. It carries the incidents of Fitzsimmons' life down to the last mo ment and even follows him to the grave.

Will Be on the Track This Summer.

Captain Sam Brown went east last even ing. He said he would be on the track again this summer with some fast horses. He intended to retire several years ago but as he had a number of yearlings and couldn't get his price for them he con-cluded to develop them. He had a 3-year old trotter that made a mile last season in 2:32. Pat Higgins, the trainer, has assured the captain that the horse will go a mile in 2:20 this summer, or he won't accept a cent for training him
